

After-School Clubs (Prague 1 Campus) **Session 2 (3rd January – 1st April 2022)**

YEAR 6 – YEAR 13

Monday

Film Makers Club (Y6-Y9)

We teach our students to have fun learning about the Film and TV world. We do this by developing basic acting techniques specific to film and TV, by getting the students to act on camera and then jumping behind the camera to take on the role of director and cameraman (DOP Director of Photography). The students get the opportunity to develop story lines and work on each other's projects. The club ends each week watching what has been filmed to discuss the objectives and decide what worked and didn't work. Students learn to critique their work together and develop a professional knowledge of what it takes to film a project.
